Dear Johnny Goh,

On behalf the Yorker Sports Management, I would like to express our big Thank you to **Food Asia Holdings Pte Ltd** team for the good food and excellent service rendered for all our events for the past 6 years.

Following the feedback, our sponsors, exhibitors, people from local government, non-profit organisations and guest gave a thumb's up for your food and service. Every person I spoke to at the various event commented on how delicious the food was and how beautifully it was displayed. Personally, I felt your overall in-charge for all our events throughout the years were awesome. They were on their toes to ensure food is hot and quick to adapt to the schedule changes as some of the events over ran on timing. Instead of panicking, they assured with a smile that all is good! Do give them our Big Thanks! And keep up this amazing service.

I hope to work with you and your team for our upcoming events.

Thank you and keep up the great work.

Yours sincerely,

Dharmichand Mulewa
